Penultimate shipment of Cashew Milling Equipment

Dekel Agri-Vision Plc, the West African focused agriculture company, is pleased to announce that it has been advised by Italian manufacturer, Oltremare Srl, that the third shipment of milling equipment for its large scale cashew processing project at Tiebissou in Côte d'Ivoire (the 'Project'), has departed Italy. The shipment is expected to arrive at the port of Abidjan in Côte d'Ivoire in approximately four to six weeks.

The shipment is the third of four due to be despatched from Italy and comprises four 40ft containers. The remaining shipment of milling equipment is expected to be shipped and delivered to Côte d'Ivoire in the coming months. Further updates will be provided to the market in due course.

The delivery of the milling equipment falls under the turnkey contract signed with UK-based engineering company Overseas Projects & Services Limited, a related entity of Oltremare Srl for the engineering, manufacture, delivery, installation and commissioning of the Project, which is expected to become operational in Q2 2021. At this point Tiebissou will become Dekel's second producing project, alongside its established palm oil operation at Ayenouan in Côte d'Ivoire.
